***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-6 are rejected under 35 U.S.C. 102(b) as being anticipated by Brown, et al. (6,237,943).

Brown, et al. teaches a method of folding an airbag comprising:

a front portion, a back portion and a throat portion;

an inflator 38;

a housing;

a top and bottom longitudinal edge;

a first and second side edge wherein folding the bottom longitudinal edge toward the top longitudinal edge;

folding the second bottom fold toward the top longitudinal edge;
